Go2 Ent-Plus 2 (Go2 screen remote control (dual camera+three in one))

Caratteristiche Tecniche

- Including remote control with screen
- Dual backup communication links:
  - the main communication frequency 5.8G telemetry telemetry all the way to the image of the digital transmission of an integrated signal transmission;
  - the backup communication frequency all-netcom 4G
  - Video transmission: image 1080P high-definition picture, latency as low as 180ms, support for standard network port video streaming input, while supporting dual- channel 1080P high-definition video signal transmission
- Explosion-proof with screen, support for full network pass 4G network
- Standard image sensing system: dual-camera resolution 1080P wide angle 120 °, equipped with four lights high brightness fill light
- Searchlight system: power 30W, brightness 3000 lumens
- Warning light system: a variety of police light mode, police light color (red
